FACTIONAL FIGHTS.

Bloody Encounters Among the Pennsylvania Miners.

HUNGARIANS AND ITALIANS.

A Fierce Battle Results in the Death of Two Men; Two Others Missing, Supposed to Be at the Bottom of a Mine Hole and Three Others Seriously Injured—Another Riot Occurs Near the Same Place Between Hungarians and Poles.

One Man Killed.
HAZLETON, Pa., April 17.—The trouble which has been brewing between the Hungarians and Italians of Minesville and vicinity for some time terminated Saturday night in a bloody battle. As a result two men are dead, two missing—supposed to be lying at the bottom of a mine hole—and three others seriously injured.

About 10 o'clock Saturday night a party of four Hungarians were coming into Hazleton. They had reached a point about half way down Fisher's Hill when they were attacked by Italians. The latter instantly opened fire. The firing was a signal for a concerted attack on the part of the Italians, who seemed to swarm from the woods on every side.

About 200 yards further down a half dozen other Hungarians were at the schoolhouse, and on the Hazleton road, nearby, other Hungarians were met. The fight that ensued was terrific. The Hungarians, who never go on the road unarmed, after the first onslaught prepared to defend themselves, and a volley of bullets into the attacking Italians served to check them for a moment. It was only for a moment, however, as the next instant they closed in upon their adversaries and a fierce hand-to-hand conflict ensued, the Italians' stiletto playing havoc with the Hungarians. The latter were outnumbered largely, and, becoming dismayed, broke and fled precipitately.

The yells and whoops of the victorious Italians re-echoed through the mountains and attracted a number of villagers to the scene. At each point of attack injured men were found lying on the ground groaning from their wounds.

Joseph Christie and Michael Morentzi were picked up unconscious and taken to the hospital in the city. Christie was shot in the right shoulder. Morentzi had his skull fractured and died in the hospital.

Mike Bortz was shot in the mouth, the ball coming out of the back of his neck. He was taken to Hollywood, where he died shortly afterwards.

Another man who was engaged in the battle known as "No 408" is missing. His hat was found on the edge of a deep mine hole in the water. He is supposed to be at the bottom of the hole. Another Hungarian is also missing and he is supposed to have met the same fate.

In the several boardinghouses in Hazleton, Latimer and Hollywood there are a number of wounded men, but it is impossible to obtain the exact result of their injuries or names.

ANOTHER SIMILAR AFFAIR.

Hungarians and Poles Engage in a Fracas and One Man Killed.

WILKESBARR, April 17.—A bloody riot took place at Plymouth, about four miles from here, at an early hour yesterday. The mob engaged in the fracas were all Hungarians and Poles who were under the influence of liquor. Revolvers, stones and clubs were freely used upon each other's heads until the police made a raid upon them. Six of the contestants were arrested and several made their escape.

One man, known as Stanislaus Jachefsky, formerly a member of Company A, U. S. A., was found lying on the ground unconscious. He was carried into a house near by and physicians were sent for. They found that his skull had been crushed in with a club. Everything was done to relieve the injured man, but he died a few hours afterward. The prisoners under arrest were sent to the county prison until this afternoon, when they will have a hearing on the charge of murder. The coroner will investigate the case in the meantime.

MYSTIC SHRINERS.

A Great and Gala Event Will Soon Take Place in Cincinnati.

CINCINNATI, April 17.—The Imperial Council of the Mystic Shrine of North America meets in Cincinnati May 12-14. Preparations are being made to royally entertain not less than 8,000 nobles of the order from all sections of the country. The railroads will all run excursion trains at one fare for the round trip on the day of public festivity. The parade which will take place at night will alone cost \$4,000.

The whole business portion of the city will be illuminated by private individuals while 10,000 vari-colored lights, especially put up for the occasion, will add to the attractiveness of Fourth street. Notifications are being received which indicate that the attendance will be unusually large. The local committees are busy devising attractive entertainments for the visitors.

Composition Roofers Strike.

ST. LOUIS, April 17.—About 200 members of the composition roofers' union have gone on a strike for an average increase in wages of 50 cents a day. The men claim that the wages paid in Chicago and other cities for the same work are higher than here and ask that they receive equal pay with their fellow workmen in other cities. The contractors declare they will not grant the increase.

DOINGS IN CHINA AND JAPAN.

The Usual Batch of Disasters Have Occurred in Those Two Countries.

SAN FRANCISCO, April 17.—The steamer China has arrived from Hong Kong via Yokohama and Honolulu, bringing advices from Hong Kong to March 23, Yokohama March 29 and Honolulu April 18.

There were 589 Chinese among the China's passengers, a large number of which were bound for the world's fair, to be part of the inhabitants of the Chinese village.

One solitary remnant of the 70 fishing boats recently carried away off Otaru, Japan, in a gale has turned up. A telegram received by the government states that one of the boats drifted ashore on March 6, and as nothing is said of any survivors being in the boat it is presumed that the occupants had been drowned. Of the other 69 boats no news has been received.

Koer-Mar, a steamer owned by the Hokkai Steamship company of Hokkaido sailed from Otaru on March 14, and the following day foundered in Yakijiri sea. Seventy-two persons were drowned.

Two thousand houses were destroyed by fire at Kawagoe, Japan. Many people were injured, but no lives were lost.

According to a Tokyo paper a large batch of Japanese women is to be shipped to Chicago for immoral purposes. The number intended to be sent over is said to exceed 800. The police are watching departing steamers closely to prevent shipment of the girls.

RIVER STEAMER BLOWN UP.

Eight People Injured, Several of Whom May Die.

WINAMAC, Ind., April 17.—The passenger steamer Nellie Bly, while making a trip down the river yesterday afternoon, blew up, seriously injuring eight persons. They were as follows:

George Crane of this city, both legs broken and crushed and injured internally. The physicians have amputated Crane's legs and it is not expected that he will live.

J. F. Fishhorn, proprietor of the boat, scalded and hurt internally. Clarence Fishhorn, his son, badly scalded.

Daniel Rhodes, badly bruised and internally injured.

James Long, badly scalded.

When the accident occurred the boat was in shallow water. The pilot had discovered that there was something wrong with the machinery and was steering for shore. But for this fact it is probable that every person on board would have been lost.

Daniel Rhodes was blown 30 feet inland and completely covered with wreckage. His recovery is doubtful.

James Long was blown into the river and his rescue was accomplished with great difficulty by those who were not seriously injured.

The boat sank immediately after the explosion.

KENTUCKY'S STATE CAPITOL.

Good Prospects of It Being Removed From Frankfort to Louisville.

LOUISVILLE, April 17.—It begins to look as if the fight for removing the state capitol from Frankfort is in earnest this time, though such efforts have been constant for the past 20 years. The Louisville council has ordered an election April 27 on a proposition to issue \$1,000,000 of bonds, which will be given the state together with a suitable building site, if the capitol is removed to Louisville.

Lexington has offered \$250,000 and building site. The legislature is strongly in favor of moving the capital somewhere away from Frankfort, and unless the legislature does it according to the constitution it must remain where it is. It is confidently claimed by the friends of removal that Louisville will vote the bonds and that the new state building will be erected here.

Prairie Fires in Kansas.

TOPEKA, April 17.—Reports continue to come in of disastrous prairie fires in the western part of the state, and unless a soaking rain visits that section soon it will be a barren waste. The most destructive one yet reported occurred in Hodgeman county last Thursday. It swept over half of the county, destroying everything that lay in its path. Many barns and houses were burned up and large numbers of horses and cattle were lost by the farmers. It is impossible to estimate the loss. Logan county has also suffered great losses by prairie fires this week.

Collision of Engines.

JUNCTION CITY, Ky., April 17.—About 3 o'clock yesterday morning a Cincinnati Southern freight ran into a standing Louisville and Nashville engine at the junction here. Both engines were wrecked but no one hurt. The engineer of the Cincinnati Southern claims that he stopped before reaching the crossing and blew the usual signal which was answered with "come ahead" and he pulled in at about five miles an hour. He did not see the Louisville and Nashville engine in time to stop his train.

Missouri Fruit Crop Damaged.

ST. LOUIS, April 17.—Reports are coming in from various sections of the state of frost damage. In Cooper county it is stated that the damage to crops and budding fruit trees will reach many thousands of dollars. A dispatch from Boone reports the fruit crop practically ruined. Mexico, Mo., reports a heavy frost and considerable damage. Other towns also report damage.

Both Sides Growing.

WASHINGTON, April 17.—Captain Guthrie reports to General Schofield that the Locke Indians are increasing in numbers and excitement and that the Jones party also seems to be growing numerically. He says that there is danger until both forces disband.

RIOTING IN BELGIUM.

The Situation Growing More Critical Every Hour.

IT MAY RESULT IN REVOLUTION.

The Burgomaster of Brussels Brutally Assaulted on the Public Highway—That City in a State of Siege—Excitement Prevailing in Hull—Other Foreign News.

BRUSSELS, April 17.—Reports from all points in Belgium state that the strike is spreading rapidly and that the temper of the strikers is growing worse. The situation is more serious in Belgium now than it ever was. The number of people injured during the tumults exceeded 150 and 87 arrests have been made. The burgomaster of Brussels has issued a proclamation advising citizens to remain in their houses, as he can not guarantee their safety.

In the provinces agitation has been making rapid progress. In Hainault constant fighting is going on between the strikers and gendarme. In other districts authorities ask for troops.

Two thousand men carried the red flag through the streets of Ghent yesterday.

In this city yesterday afternoon thousands of workmen held a meeting outside of the city limits to denounce the proclamation of Mayor Buis prohibiting public demonstrations in favor of universal suffrage.

Volders, the extreme socialist leader, made an incendiary speech, in which he applied the most obnoxious epithets to Mayor Buis. The crowd became uproarious, shouting for revenge upon the mayor. The police ordered the crowd to disperse. The workmen answered with jeers. The police drew their swords and advanced toward the platform. Some of the crowd fired revolvers and a few threw stones, but the rest retreated without a show of fight toward the city. Nobody was injured.

Mayor Buis was walking home on the avenue Louise, about an hour later, when some 200 socialists, returning from the meeting, came down the street. They hooted and jostled him, but allowed him to pass. After he had left the mob about 50 paces behind him, three men ran out and one of them struck him a heavy blow with a stick on the head. As Buis turned he received another blow on the back of the neck. He fell bleeding and unconscious to the pavement.

The police were summoned and charged the socialists, and after a fight, dispersed them. Two of the crowd were arrested, but it has not been ascertained whether or not they are of the three who attacked the mayor.

M. Buis recovered consciousness toward evening, and probably will be able to resume his official duties within a few days. King Leopold has twice inquired by special courier after his health. It is reported that Volders will be arrested for his part in the meeting which preceded the assault.

Yesterday afternoon turbulent crowds fought the police in several districts of the city. In the Rue De La Baviere, near the Maison Du Peuple, the mob became so threatening that mounted police charged them with drawn swords. The rioters threw jars of greek fire and repeated volleys of stones among the police. Many of the mob were cut or trampled upon.

Twelve were arrested. Several policemen were burned and bruised. The city is as if in a state of siege. All places of amusement are deserted. The police and the rioters have the streets to themselves.

A dispatch from Mons says that the rioters have had possession of many streets there since early in the afternoon. Reinforcements of soldiers have been sent from this city.

In Brussels the authorities are taking every precaution, and should the riots end in revolution the Prussian troops will lose no time in crossing the frontier, and this would be done so rapidly that France would have no time to utter her protest. There is no doubt, however, that the Prussians would evacuate Belgium when all was quiet, but it is a question whether the Paris mob would not force the French government to make a decided step.

A telegram has just been received from Ghent stating that the movement is spreading, fighting going on in many streets and that the mayor has informed the government that he will not be responsible for the maintenance of order, and that the military must be reinforced.

Political Murder.

BERLIN, April 17.—A political murder is reported to have taken place at the village of Beithelm, Baden, Saturday. It appears that a rich farmer named Eissig murdered the burgomaster of the village, Herr Gans, who had refused to appoint him as a member of the village council. Eissig had an ax concealed on his person when he entered the town hall and brought the weapon down on the burgomaster's head after the latter had declared that it was impossible to admit him (Eissig) to office.

Excitement in Hull.

LONDON, April 17.—There is a great deal of bitter feeling still at Hull, and great excitement prevails. The general belief is that a big strike will occur in London during the next few days. Collisions between the strikers and non-union laborers still occur. One of the strikers was remanded Saturday, being charged with assaulting a blackleg, breaking his nose and his ribs, but as yet work is proceeding at all the docks.

Germany and Austria Looking On.

PARIS, April 17.—M. Bouré, French ambassador to Belgium, had returned to

Paris, in response to a telephonic summons from the government, who wish to confer with him as to the revolt of the Belgian workmen. The revolt has become so threatening that it is believed Germany and Austria will be justified, under the treaty of 1831, in interfering to support the crown.

Saw the Eclipse.

LONDON, April 17.—A dispatch from Bathurst, British Gambia, states that British astronomers at the station on the Salum river, in French Gambia, obtained fine observations of the eclipse Saturday.

Over a Hundred Houses Burned.

POSEN, April 17.—A terrible fire took place yesterday in Sacconno. A hundred houses, the church and the municipal hall were destroyed and two children burned to death.

YOUNG SELIGMAN'S REJECTION.

Unfortunate Prejudice Against His Race and Religion.

NEW YORK, April 16.—The Tribune prints the following:

General interest was manifested in the city over the announcement that a sufficient number of votes had been cast against Theodore Seligman, a son of Jesse Seligman, the well known banker, to prevent his admission to the Union League club.

The facts were news to only a few members of the club, because the contest, which ended in young Mr. Seligman's rejection, was so hot that it had drawn out an extraordinarily large vote, but the story made gossip for the members of other clubs to discuss with relish.

The incident also furnished a topic for general comment and discussion because of its sensational features. The talk everywhere covered a wide range, because of the issue involved and the prominence both financially and politically that the young man's father has enjoyed.

It is clearly evident that only one prejudice swayed the action of the men who opposed the admission of young Theodore Seligman. He is a lawyer in the Mills building, and he has a reputation among many downtown people of a most favorable kind.

No one could be found Friday who could bring proofs of any "unclimbable" characteristics of the young man, unless the prejudice of race and religion be admitted into club ethics.

Mr. Seligman's friends declare that that is the sole ground of his rejection, and his father and uncle do not hesitate to say so, too.

Murder in New Mexico.

KINGSTON, N. M., April 17.—News of a horrible double murder has just been received here. It occurred in the little Mexican town of Monticello, in the northern part of this county. William Hardin, the foreman of a cattle company, was in town and became intoxicated. To make a display he attempted to take a 6-shooter away from Ed Simmons. Simmons resisted and a struggle ensued in which a Mexican interfered, and Hardin shot the Mexican. The murderer made his escape to the mountains a short distance away, where he was overtaken by a mob, captured and shot, and his body mutilated in a horrible manner.

"You Ought to Be an Angel."

INDIANAPOLIS, April 17.—Charles Eyster, the prominent druggist who was shot here by one of the two colored men who were making purchases in his store died yesterday. No motive for the crime is apparent, unless it is the fact that Eyster's telephone was recently used to call a patrol wagon to arrest the negroes whose names are John Parker and Edward McAfee and who had committed a petty crime. Upon entering the store one of the negroes remarked to Eyster, "You ought to be an angel," and fired, fatally wounding the druggist.

Featherweight Farce.

CHICAGO, April 17.—Solly Smith, featherweight champion of the Pacific coast made his first public appearance before about 1,000 Chicago sports in a six round bout with Frankie McHugh of Cincinnati, at the armory Saturday night. The contest did not meet with the approval of the crowd, owing to Lieutenant Sheppard's interference before the close of the third round when Smith had McHugh away up "queer" street. He permitted the boys to finish up, but only in a loving manner, which of course, disgusted the blood and thunder gang present.

Miners Will Strike.

COLUMBUS, O., April 17.—The joint conference of miners and mine operators of Ohio held here Saturday to fix the price of coal mining for the year beginning May 1 next, adjourned in disorder, not having reached any agreement. The operators insist in the same rate as is now paid being continued and they also insist on settling the by districts, while the miners are equally determined they will act as a unit in the matter. A strike on May 1 is imminent, no further meeting of the miners and operators being arranged for.

Just Cause For Indignation.

GUTHRIE, O. T., April 17.—Prospective Cherokee strip settlers are very much worked up over the action of the department in allowing cattlemen to unload diseased Texas cattle at every station on the strip and drive them across the strip to Osage country. The presence of these cattle upon the strip for only a few days will contaminate the pastures and so infect them with germs of the Spanish fever that all northern cattle taken upon the land this year will be killed.

PITTSBURGH, April 17.—James Wilburn, aged 35, and Dell Butler, aged 19, were killed by a fall of coal at the Champion coal mine in the fourth pool. William Carson and William Hart were seriously hurt.

SENATE ADJOURNS.

Extraordinary Session Brought to a Close.

PROCEEDINGS OF THE LAST DAY.

Business Rushed Through at a Rapid Rate—The Roach Investigation Resolution Not Voted On—All the Presidential Nominations Confirmed.

WASHINGTON, April 17.—At 6:16 o'clock Saturday evening Vice President Stevenson declared the present extraordinary session adjourned. After a six weeks' session the work of Saturday was rushed along at a rapid gait, but at 6 o'clock it was still a mooted question whether the senate would succeed in its purpose as announced by the American Press of winding up the session Saturday.

The senators were extremely anxious to get away and the evident displeasure of their colleagues caused those senators who were blocking adjournment to give way and permit the session to be hurriedly closed. It was the understanding of Senator Chandler and other Republicans that a vote would be taken on the Roach resolution, but it fell by the wayside, and the session adjourned without it having been brought to a vote.

All the nominations made to the senate, including those sent in Saturday, were hurriedly confirmed in an executive session with the exception of that of Hewson E. Lannan of Wilmington to be United States marshal of Delaware, which, under the rules, went over upon objection by Higgins, whose action was doubtless based on the fact that Attorney General Olney had removed H. C. Mahaffy, the Republican incumbent who was appointed Aug. 2, 1890.

The injunction of secrecy was not released from the much discussed Russian treaty.

This special session of the senate was notable for the fact that not one of the president's nominees was rejected; with the exception of the nomination of Eckles, which was confirmed without a call of the yeas and nays and in which the objection was solely due to the nominee's lack of banking experience, there was no attempt even made to reject any of the persons nominated. The friction which it has been said existed between the administration and the Democratic senators was not apparent in anything that occurred during the session.

A great many important places on the government service yet remain unfilled, but none of them are such as to make confirmation a necessity in advance of assumption of office. Almost a score of foreign missions are still held by the Republican incumbents, the most important being Russia, Italy, Hawaii and Hayti. In the treasury department Assistant Secretary Spaulding's successor has not been named, as also the two comptrollers and a number of bureau chiefs, of whom some stand a good chance of being permanently retained.

In the war department Secretary Lamont has not yet selected his assistant secretary. There are several assistant attorneys general to be named in the department of justice. Postmaster General Bissel has been so busied over postoffices he has been able to give but little time to other places and has named only one of the higher departmental officers, viz, Fourth Assistant Postmaster General Maxwell. Secretary Smith has pretty well cleaned up the presidential appointments in his department.

Outside of these departments Civil Service Commissioner Roosevelt's successor and the successor to Public Printer Palmer are the most important places to be filled in the near future. Mr. Roosevelt is anxious to be permitted to retire and Mr. Palmer will not be disturbed until his term expires in May.

NOMINATIONS.

Several Names Sent to the Senate Just Before That Body Adjourned.

WASHINGTON, April 17.—Late Saturday afternoon the president sent to the senate the nominations of Joseph S. Miller of West Virginia to be commissioner of internal revenue, and John W. Rodgers of Minnesota to be secretary of legation to Turkey.

The nomination of Miller is the most positive exception to the rule against the appointment of former officeholders to their old positions, Miller having held the position to which he is nominated under Cleveland before. He made a very efficient officer in that position and was backed for reappointment by the West Virginia delegation and others. He withdrew at one time because of the rule, but lately renewed his efforts on learning that he might stand a chance of being the exception to the rule. Rodgers is a nephew of Judge Flanndreau, a well known northwestern pioneer. He is an accomplished linguist and wanted to go to St. Petersburg.

Other nominations were as follows: John H. Wise of California to be collector of customs for the district of San Francisco.

William L. Kee of West Virginia to be principal clerk on private land claims in the general land office.

Hewson F. Lawson of Delaware to be marshal of the United States for the district of Delaware.

Theater Burned.

MILWAUKEE, April 17.—The Stadt theater on Oneida and East Water street burned at 2:30 yesterday morning. The loss is \$80,000, fully insured. This is the third time the theater has been on fire in three weeks. There is no clew to the origin of the fire or to the previous attempts.

Farewell Sermon.
Rev. Father Bealer, who for the past five years has been assistant pastor of St. Patrick's Church, preached his farewell sermon yesterday morning, taking for his text the gospel of the day. It was most appropriate for the occasion, and as usual his discourse was both eloquent and instructive. Always impressive he seemed doubly so yesterday. After his sermon he announced that he had been transferred from this city to Versailles by the Bishop and would leave for his new field in a few days. While returning thanks to the members of the congregation for their kindness to him, and referring to the little happenings of the past five years the scene was very pathetic, and many a tear was shed by both young and old. Father Bealer has endeared himself to his congregation by his universal courtesy, his strict attention to his duties as a priest and the obliging and manly course pursued by him in all things, and no priest ever left Maysville who was more respected and esteemed than Father Bealer. It is the wish of his many friends in and out of the church that wherever he goes he may be blessed with all the success possible to attain.

Marshal Blackburn.
Captain James Blackburn qualified as Marshal of the United States Court for the District of Kentucky Thursday with Dr. Cary D. Blackburn, James T. Williams and Dr. Phil P. Johnston, the last named of Fayette County, as sureties on his bond. He was sworn in by Judge Barr.
Captain Blackburn immediately named his son, Samuel Blackburn, for Chief Deputy Marshal, and has since appointed the following Deputies: George Hunter, Bardstown; Eph Lillard, Nicholasville; Pat Punch, Mt. Sterling; John Helm, Danville; J. C. Bedford, Tompkinsville, and Harry G. Johnson, of Frankfort. The latter is a son of Colonel E. Polk Johnson.

The Price Case.
In affirming the case of the Commonwealth against Price, the Court of Appeals says:
First—Upon the trial of appellant for the offense of willfully and feloniously shooting and wounding, the law of self-defense was given to the jury by proper instructions, as were also the questions of sudden heat and passion and wounding in sudden affray.
Second—As the defendant was guilty, if the testimony of the prosecuting witness was to be believed, and he received the lowest penalty allowed under the instructions and the law, the speech of the Commonwealth's Attorney, which is complained of, could not have had the effect of inflaming the passion or arousing the prejudice of the jury.
A. E. Cole & Sons for appellant; W. J. Hendrick for appellee.

Artistic Pictures.
The pictorial printing now to be seen everywhere throughout the city bears comparative testimony as to the excellence of the performances given by Al. Field's Famous American Minstrels. They will appear at the opera house on Thursday, April 20.

Called Meeting.
There will be a meeting of Joseph Heiser Post, G. A. R., Tuesday evening at 7:30. A good attendance is desired as business of importance is to be brought before the Post.
G. W. Oldham, Adjutant.

Don't fail to call on Murphy, the leading jeweler, when you want a gold watch. Prices guaranteed the lowest in the city; quality the best made. Successor to Hopper & Murphy.

The People's Building Association will open their third series Saturday, May 6th, 1893. Those desiring to accumulate money in a small way as well as those desiring to purchase a home with the money they are now paying for rent should avail themselves of this opportunity and subscribe for stock at once. Call on Robert L. Baldwin, Secretary, John Duley, Treasurer, C. L. Sallee, Attorney, or any of the directors.

A well worded advertisement, properly displayed, makes as interesting matter as any in the paper, and the reading thereof is profitable both to buyer and seller. If people do not read and remember your advertisement it is your own fault. Make them readable and they will be read; make them impressive and they will be remembered. Place such advertisement in papers which circulate among the buying classes and you will attract buyers thereby, as surely as the magnet attracts steel. Try the BULLETIN.

Quarantine.
AUSTIN, April 17.—Governor Hogg has issued a proclamation quarantining all vessels or persons from infected ports to go into effect May 1. Quarantine is declared against persons with cholera or similar diseases. Borders of the state will be watched by efficient corps of physicians under State Health Officer Swearingen and every effort is being made to keep cholera out of Texas this summer.

Children Poisoned.
INDIANAPOLIS, April 17.—Willie Wilson, the 4-year-old son of Robert Wilson, at the corner of Floyd avenue and Elliott street, was poisoned Friday evening and died in violent convulsions. An infant daughter of the family is also very ill. It is feared she may also die. The parents say the children were playing on the commons and it is possible that they ate some poisoned weed.

Female Aeronaut Injured.
SAN FRANCISCO, April 17.—Mrs. Lily Hagle attempted an ascent in a hot air balloon yesterday, intending to descend by parachute at the Cliff House. The balloon caught fire on leaving its moorings, and before the woman could be cut loose she was dashed against a building, and, falling on the roof of another building, received a compound fracture of both thighs, and lacerated face wounds.

Horseman Injured.
PITTSBURG, April 17.—T. H. Nevin & Company's paint and white lead works, corner Island and Preble avenues in Allegheny, was damaged by fire Saturday afternoon to the extent of \$50,000; fully covered by insurance. Horseman Robert Graham was badly injured by being knocked down by a stream of water.

Cashier Short in His Accounts.
NASHVILLE, April 17.—John Schardt, cashier of the Mechanic Savings Bank and Trust company, is short in his accounts from \$40,000 to \$80,000. Schardt is sick at his home and is not allowed to talk. The directors of the bank are in session behind closed doors and will not talk.

Street Car Strike Ended.
HAMILTON, O., April 17.—The street car strike here has been settled. Saturday an injunction was served on the men to prevent them injuring the company's property. The president of the union said he saw no chance of winning and the men returned to their cars.

Ex-Circuit Judge Dead.
BOSTON, April 17.—Benjamin Orton of Rome, N. Y., aged 83, died suddenly yesterday. At one time he was a circuit judge at Huntington, Ind. He was the father of Hoy D. Orton, the celebrated mathematician.

FOR THE FARMER.
The movement of hogs has been small the past week. Western packers have handled a total of 125,000, compared with 160,000 the preceding week, and 180,000 for corresponding time last year. The light offerings have been accompanied with firmer markets, and prices have advanced about 50 cents per 100 pounds on the average for Western markets, the change in some instances being 65 and 75 cents. The general average price now is about \$6.80 for Western markets, ranging up to \$7 and \$7.25 in some instances. The small movement is partly due to the fact that farmers have been especially busy.—Cincinnati Price Current.

Shipment of Fine Horses.
Mose Daulton & Bro. shipped to McClerry & McClenlan, Norfolk, Va., last week, a car-load of fine drivers, saddlers and roadsters. They were bought in Bourbon, Nicholas, Fleming and Mason counties.

The advance sale of tickets for Fields' Minstrels opens at Nelson's to-morrow morning.

JAMES MCCARTY was scalded in a terrible manner by falling in a tub of boiling vitriol at Portsmouth.

Dr. Wm. R. AMICK has sued the faculty of the Ohio Medical College of Cincinnati for \$150,000 damages, because they characterize his consumption cure a fraud.

ANNOUNCEMENT has been made of the approaching nuptials of Dr. P. G. Smoot and Miss Lillie May Thomas. The marriage will be solemnized at the Central Presbyterian Church Wednesday, April 26.

The clear juice, without sugar, of half a lemon every morning for a week just now, when the system is more or less clogged from the winter's feeding is, according to an authority equal to a trip South or a whole bottle of debilitating bitters.

GEORGETOWN COLLEGE's representative at the inter-collegiate oratorical contest at Lexington, W. P. Oldham, has an idea that the judges who awarded the prize to J. H. Swango, of Center College, did not know what they were about, and he has accordingly challenged the winner to a contest for the oratorical honors of the State.

HON. L. F. WALTHER, of Higginsport, who is here visiting his brother, Mr. C. A. Walther, is a Democratic candidate for Probate Judge of Brown County. Knowing ones say he has a "cinch" on the nomination, and a nomination in that Democratic stronghold is equivalent to an election. Mr. Walther is a graduate of Cincinnati Law School, and is thoroughly fitted in every way for the position he seeks.

Jeffreys Lewis.
A dramatic event of more than ordinary importance occurs Saturday evening, April 22, at the opera house when the distinguished emotional actress Jeffreys Lewis makes her initial bow to Maysville theater-goers. The play selected to introduce this artist is her own dramatization of Dumas novel "La Demi-Monde" entitled "Society's Half World." The play under the title of the "Crust of Society" made an immense success in New York and is expected to create a sensation here. The play is one of the most famous of current society dramas, and demands all the well known emotional ability, magnificent toilettes, rich stage settings, etc., for which this actress has always been noted. The sterling young actor, Mr. Harry Mainhall, is the leading man and the talented young actress, Miss Estha Williams, the leading lady.

Base Ball Outfit Free to the Boys.
The Cincinnati Tribune, the new daily which has had a phenomenal growth for a paper only three months old, and which already ranks among the ablest and best newspapers of the country, announces a great premium offer to boys which will doubtless still further increase its rapidly growing circulation. The Tribune offers a genuine Spaulding \$1 boys' League Ball; a pair of Spaulding's \$2 Catcher's Gloves and a 25 cent bat to any boy or boys who will send in six new subscribers to the Daily Tribune for eight weeks at 12 cents each per week or \$5.76 for all. Full particulars can be had of Tribune agents everywhere, or sent to any address by The Tribune Company, Cincinnati, Ohio. Address Premium Department, Cincinnati Tribune, 214 Main Street, Cincinnati, Ohio.

The Modern Invalid
Has tastes medicinally in keeping with other luxuries. A remedy must be pleasantly acceptable in form, purely wholesome in composition, truly beneficial in effect and entirely free from every objectionable quality, if really ill he consults a physician; if constipated he uses the gentle family laxative Syrup of Figs.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.

ESTABLISHING A PRECEDENT.

A Test Case in Which All Convicts Are Interested.

CINCINNATI, April 17.—A year ago "Bob" Bushnell, the noted railway embezzler, was convicted here and sent to the penitentiary. His counsel appealed upon a writ of error which was filed with the supreme court. The law is clear that when the supreme court grants leave for the filing of such a writ sentence upon the prisoner is thereby suspended, but is silent as to what disposition shall be made of him. In this case Bushnell's attorneys made application for his release or recommitment to jail in Cincinnati, but the warden said the law did not authorize him either to release the prisoner or send him away from the penitentiary.

To test the matter application for a writ of habeas corpus was made before Judge Evans of the Hamilton county probate court, who granted the writ and ordered the prisoner released from the penitentiary, where he was unlawfully held and recommitted to jail in Cincinnati until the question on the writ of error is settled or he is released upon proper bond; also, that the expense of transportation should be paid by Penitentiary Warden James personally as a penalty for not returning the prisoner when the petition of error was granted by the supreme court. The case sets a precedent in Ohio as the first of the kind on record.

CONDENSED NEWS.

Short Items From Various Parts of the Country.

Louisville gambling houses have been closed by the police.

DEATHBED CONFESSION.

A Supposed Case of Suicide Proves to Have Been a Murder.

LIMA, O., April 17.—Several years ago the body of John Sigler was found at Osceola with throat cut and a knife clamped in his hand. Sigler had been dead six weeks when the body was found, and, although there were some suspicious circumstances in connection with the case, a coroner's jury, after a long and careful investigation, brought in a verdict of suicide.

Yesterday a brother of Sigler's made a deathbed confession to the effect that the supposed suicide was a murder and that he committed the deed.

White Cappers Found Guilty.

CAROLTON, Ga., April 17.—Dr. Daniel L. Rogers has been found guilty of being the leader of the White Caps who went to the houses of W. Britt, Mrs. Mary Hewitt, Frank Eason and Frank Bowen and whipped them all unmercifully and committed a worse assault on Mrs. S. T. Bowen. Twenty-seven men have been arrested charged with being implicated and true bills have been returned against 18 of them. Dr. Rogers was the first one tried.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion, Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARDEE, M. D., 125th Street and 7th Ave., New York City.

TUCKAHOE

Stock Farm!

PTOLEMY, 5:17 1/2, full brother to Citizen, 2:21 1/2, and Waymart, 2:27 1/2. By Happy Medium 400, sire of the great Nancy Hanks, 2:04, Riley Medium, 2:10 1/2, Maxey Cobb, 2:13 1/2, and eighty-two others in the 2:30 list.

PTOLEMY's first dam Patsey F., by Mambrino Patchen 55, the greatest brood mare sire that ever lived. He sired twenty-two trotters and the dams of seventy-two in the 2:30 list and the grand sire of over one hundred.

Happy Medium is unrivaled by any other sire of speed. There is no better bred horse on earth than Ptolemy. You cannot make a mistake in breeding to him. He has size—being 16 1/2 hands high—is a beautiful dark bay of fine style and action, and is as sound as a dollar. You are liable to get a race horse or bound to get a large, rangy roadster that always sells. His colts now yearlings are all bays, large and fine. Marquest to him will secure the best of attention. I have plenty of grass, for which no charge will be made the first thirty days while breeding. In breeding to highly bred standard horses you are breeding in and improving your stock.

I also have a fine, large SPANISH JACK that is a sure foal. Gets large and fine colts. Terms \$10 to insure a living colt.

DAILY BULLETIN:

You know how it is your self. Doesn't this picture bring up the good days of your youth? How we did enjoy the turkey mother roasted! Well, let us be thankful for the rare blessings vouchsafed us to-day, and with more mature judgment HENRY ORT proposes your good health and invites your attention to the proverb,

"Enough

Is as Good as a Feast."

But at the same time he invites your attention to his stock of goods, such as

EXTENSION TABLES, DINING CHAIRS, SIDEBOARDS, ETC.
